

THE MYSTERY COMPANY

LLC

The Mystery Company has a specialty and it's MURDER MYSTERY THEATER. We weave together a unique combination of a superb theatrical performance with the excitement and fun of an interactive "WHO DONE IT" mystery.

Our hilarious original scripts are carefully crafted and can take you to any locale or any era. The scenarios change often, but laughter and delightfully devious plots are a constant ingredient.

The Mystery Company has been playing to sold-out audiences in Rochester and Upstate New York for almost 20 years. From the moment the show begins you can expect the unexpected.

Join us for our scheduled events or we can create a murderously perfect performance just for your group, facility, or occasion.

Once we get together anything can happen but be assured it will be a fun-filled and unforgettable experience.
